PAOLI Introduces the Ignite Casegoods Collection

Smart size options delivered in a timely manner for smaller offices

ORLEANS, IN—Private offices are getting smaller in size and budget, leading specifiers to seek fresh alternatives in wood furniture for attractive, user-friendly executive environments. With the introduction of Paoli's Ignite casegoods series, specifiers have a new choice that combines versatile dimensions, two-week shipping and genuine value, according to Kent Robbins, vice president, marketing for Paoli.

Responsive space maximization

Ignite is a complete casegoods series in cherry and maple joining the Paoli InTWO family of products. Like other InTWO collections, all Ignite models are built-to-order for two week shipping with any Ignite edge, finish or pull, no upcharge.

Ignite features executive, bow top and P-top choices to facilitate various work styles in businesses of all sizes. Double and single pedestal desks in three-quarter pedestal and full pedestal models have full modesty panels and beautifully detailed hardwood edges. Two options for drawer construction help specifiers meet budget parameters.

Ignite double pedestal desks have a starting list price of \$1,895.00 for a 30x60 three-quarter pedestal model or \$2,075.00 for a 30x60 full pedestal model. List prices for 36x72 sizes are \$1,995.00 for a three-quarter pedestal model and \$2,195.00 for a full pedestal model.

Design and function coherence

A range of sleek, finely-crafted filing and storage components further optimize office space design and work flow efficiency, while simplifying specification. Open and closed credenzas come in three sizes. Returns are available in 42-inch and 48-inch widths. Upper bookcases and hanging bookcases come in two heights and have spacious interiors with capacity for binder storage. Personal, video and storage cabinets are available in tall 83-inch models.

Ignite incorporates top-of-the-line design detail. Cabinets coordinate with desks for a finished look. Specifiers select from a range of finish and hardware choices. Keyboard trays come in a variety of shapes and sizes to suit different applications.

"It's all about maximizing the right resources for good looks and optimal function that suits the space," said Robbins.

Speed and craftsmanship

Paoli InTWO was created to provide clear benefits to dealers, specifiers, designers and end-users by offering comprehensive product choice along with a delivery window that corresponds to the diverse and changeable timing realities of projects. The company's selection of seating with two week shipping naturally complements the capabilities of the Paoli InTWO program.

Specializing in office and contract furnishings, Paoli has been a manufacturer of fine wood furniture and seating since 1926. An HNI company, Paoli's mission is to create long-term product value while exceeding customer expectations. Key to the success of this mission is business simplification, continuous improvement, process and product innovation, and integrity.
