Paoli Expands Two Week Shipping Program with New Series and Seating

Paoli's inTWO now offers a laminate casegoods series and full seating selection

ORLEANS, IN, June 2009— Paoli has enhanced the company's inTWO™ shipping program, featuring two-week, built to order shipping for many of Paoli's best-selling desk series and all seating lines, including the NeoCon 2009 introductions of Ignite wood casegoods, Corinth lounge seating, Salano executive seating and the Whitehall Collection Kindle laminate casegoods.

Created and launched by Paoli in 2005, the inTWO program gives Paoli's dealers the capability to specify, order and receive office furniture in an expedited time frame. Dealers can specify any model of any series offered through inTWO with options defined in the price lists. With five casegoods series and the full range of Paoli / Whitehall Collection seating available, the depth and variety of models enables offices, reception areas and conference rooms to be specified, produced and shipped in two weeks.

Paoli's top selling Revival freestanding desk series, Revolve modular desk series and Reflect traditionally-styled modular desk series remain available through inTWO.

Previously focused on casegoods alone, the 2009 enhancement of inTWO provides access to all of Paoli's seating for two week shipping. This includes seventeen executive/management seating series that meet the criteria of the ANSI/BIFMA Furniture Emissions Standard. As tested and certified under the Scientific Certification Systems Indoor Advantage™ protocol, these chairs were subjected to one of the most rigorous indoor air quality standards in the United States. SCS is one of the oldest and most trusted names in independent certification of environmental claims.

The inTWO upholstery selection matches the breadth of the seating offering. Upholstery choices are generous, including leather, fabric and vinyl, plus choices from leading mills through Paoli's Graded In program.

Introduced with inTWO Availability

All of Paoli's 2009 NeoCon introductions will be available through inTWO:

- **CORINTH** — Offering a clean architectural look in fully upholstered club and lounge chairs, settees, and benches, Corinth works well in offices, lobbies and reception areas.
- **IGNITE** — Private offices are getting smaller in size and budget, leading specifiers to seek fresh alternatives in wood furniture for attractive, user-friendly executive environments. With the introduction of Paoli's Ignite casegoods series, specifiers have a new choice that combines versatile dimensions, two-week shipping and genuine value.

- **KINDLE** — This laminate office furniture series combines durability and good looks for applications in administrative, customer service and technical service environments. Kindle coordinates with Paoli's recently introduced veneer series, Ignite, giving specifiers a workable solution for multiple applications that retains visual continuity.

- **SALANO** — Designed for general office and conference applications, the new contemporary-styled Salano executive and management swivel chairs offer the combined benefits of good looks, comfort and affordability.

About Paoli

Specializing in office and contract furnishings, Paoli has been a manufacturer of fine wood furniture since 1926. An HNI company, Paoli's mission is to create long-term product value while exceeding customer expectations. Key to the success of this mission is business simplification, continuous improvement, process and product innovation, and integrity.

For further information about the expanded range of inTWO product offering or about Paoli's NeoCon casegoods and seating introductions go to www.paoli.com or contact your Paoli dealer.
